Ownership Without Excuses: Holding Your Team Accountable for Results - 100% of the Time (MEC0018)

Ownership Without Excuses Holding Your Team Accountable for Results - 100 of the Time

Yeah, yeah...you know the talking heads, surveys and reports are all droning on about one thing. Accountability. **A sad majority of today's employees don't want to be held accountable for their work quantity, quality, or impact on the bottom line.** But these "sources" never offer solutions. We have them.

This interactive course will teach you how to...

- Infuse a culture of accountability into your department
- Eliminate uncertainty in tasks, clarify ownership, and coach for accountability
- Practice the core principles of workplace productivity
- Overcome common accountability road blocks
- Make your team feel more connected and engaged at work

WHAT YOU WILL LEARN

Course Highlights

Coaching through Accountability Issues

People tend to get ready, shoot, then aim - the results are the last thing on this list. Develop a team of thinkers with a no-excuse mentality that sets results-oriented goals. Learn communication tools that assist in eliminating uncertainty in tasks, clarify ownership, and bring results.

Turning your Employees into Owners

You can't turn people into owners overnight. Discover strategies that increase a sense of involvement to make people feel connected to and engaged in their job, responsibilities, and contribution to success. Utilize a stewardship delegation program to change your management and supervisory approach with your team.

Driving Accountability from the Top Down

As a manager, accountability starts and stops with you. Acknowledge your responsibility for the actions, decisions, and results of your team. Communicate in a style that drives not only accountability, but positive outcomes for your department and organization.

Building a High-Accountability Culture

Create a permanent culture where employees take initiative and truly own their projects. Discover the core principles of workplace productivity, and put them into your everyday actions and practice. Explore tools and strategies to overcome common accountability obstacles and get more effective productivity from your team.

A CONVENIENT AND IMPACTFUL LEARNING EXPERIENCE

Our carefully selected courses give you tools and techniques to advance your career while helping you make your organization more competitive, productive, and profitable. You get timely, relevant information and practical strategies that you can immediately apply to your unique situation. Best of all, you can work at your own pace right from your office or home.
